**SUBIECTUL I**

**Read the following text:**

We are in the year 2350. Life is very interesting. Look! People are driving flying cars to work and children are skateboarding to school.

A day has 35 hours and children don't go to bed early. They have a lot of time to play. They usually enjoy playing interesting and funny games like hide-and-peek in space. What is important is that children don't like watching TV. They are relaxed and happy because they play outside all day.

It sometimes rains in the morning but in the afternoon it is always sunny and hot. In the evening it snows but the snow is not cold. It is warm and soft like cotton flowers.

\*hide-and-peek = de-a v-ati ascunselea

\*cotton flowers = flori de bumbac

\*soft = moale
